CLASS 3 DANGEROUS GOODS
RISK: FLAMMABLE

DESCRIPTION

Kudli Hand Sanitiser is an alcohol-based hand sanitiser infused with Davidson Plum, Lemon Myrtle and Quandong Extracts. Containing 70% ethanol plus moisturising agents to ensure that bacteria levels are controlled safely and effectively whilst leaving your hands feeling fresh without causing the skin to dry out. The Davidson Plum and Quandong is packed with an exciting range of phyto-active compounds which target multiple cosmetic applications.

It can be used on most skin types to control the spread of germs and bacteria often associated and transmitted via the hands.

Kudli (pronounced could-lee) = Clean. We thank Kaurra Warra Karrpanthi for allowing us to use Kaurra language within our

business. Our Lemon Myrtle is harvested from the Northern Rivers of NSW, our Quandong is sourced out of South Australia, while our Davidson plum is sourced from the native rainforests of northern New South Wales

DIRECTIONS FOR USE

Rub approximately 5ml into hands front and back ensuring finger tips are covered. Allow to dry. If irritation occurs, please discontinue use and seek medical advice. Do not use in

areas exposed to flames or ignition sources as product is flammable. Allow hands to dry fully before using around cooking area's or ignition sources.
